

NEW KIOSK AND PARENT APP

Parents and authorised contacts each need a unique email address entered under the child's profile in SC to use QR and service code.

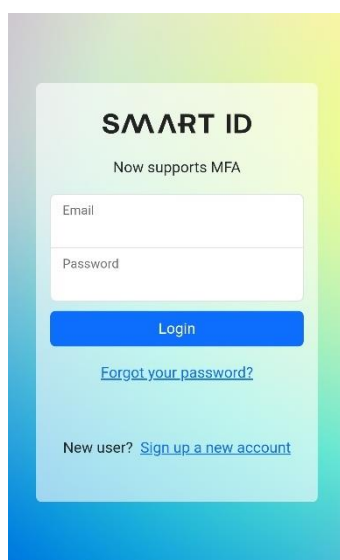

Parents/Contacts with no email address can click 'Sign In Child' and use their PIN
PIN's are available in the parent app and parent portal (only parent 1 can see all contacts PIN's)

First time using the QR -

Open Camera on device > Scan QR & Click web link > Enter login details (email registered with SC and password) > Child/ren will show for sign in/out

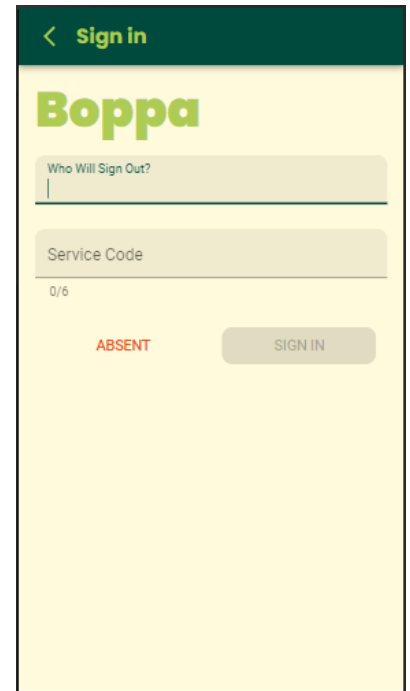

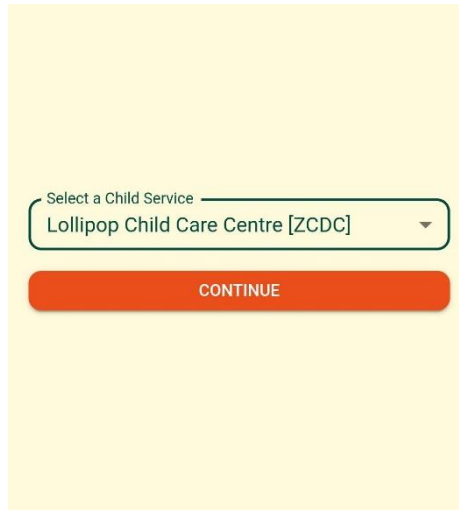

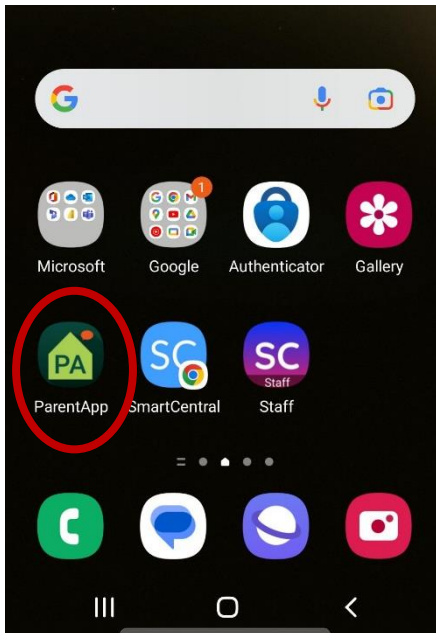

Note – If previously logged in to parent app on device the sign in/out page will show automatically

Using the service code –

Open the Parent App saved on your device > Select your service name & continue > Enter service code on Kiosk > Click Sign in > Repeat Sign in for each child (you will only need to enter the service code once)

Note - Who will sign out is an optional extra that your service may not have turned on

Signing in/out with PIN –

On the Kiosk click 'Sign In Child' > Scroll or enter name to search Enter Pin & Verify > Confirm
